

REPORT FROM MEDICAL COMMITTEE

APRIL 2022-OCTOBER 2022

Tryggve Duun
CHAIRPERSON EWF MEDICAL COMMITTEE

Report from the EWF Medical Committee

Period: April 2022 – October 2022

The Medical Committee consists of the following members:

Mr. Tryggve Duun (NOR)
Dr. ANNUK MARGUS (EST)
Dr. LLEONART RUBIO MARIA DOLORES (ESP)
Dr. DADO MEDIC (SRB)
Dr. ZURAB KAKHABRISHVILI (GEO)
Dr. NICOLA VOGLINO (ITA)
Dr. SWIATOSLAW ANTONI DALEK (POL)

There has been held one MC meeting during the period of April 2022 – October 2022. This meeting was held in connection with the European senior Championships in Tirana, Albania, in June. Only three members attended the meeting. The meeting was a joint meeting together with the EWF Technical committee and the EWF Coaching Research & Scientific committee.

In the meeting the committee's discussed how to work out some learning material to be used technical officials, coaches and athletes. The plan is to make the first videos during the European junior/U23 championships in Dürres, Albania.

After the last meeting in June, there has been some mailing correspondence between some of the MC members, trying to find a way to organize either online seminars, or seminars during training camps or championships. So far,

we have not succeeded to find someone with the possibilities to do this. During the upcoming meeting in Dürres, we will continue working with this idea. Hopefully we can come up with an online seminar together with the EWF Technical committee later this year.

Tryggve Duun
Chairman
EWF Medical committee
